

COLLABORATIVE COMMUNICATION SCENARIO

Diarrhea is a common side effect of irinotecan during chemotherapy.

COLLABORATIVE COMMUNICATION SCENARIO

That's concerning!

COLLABORATIVE COMMUNICATION SCENARIO

Notices the patient's distress.
I understand how troubling that can be. How would diarrhea impact your daily life?

COLLABORATIVE COMMUNICATION SCENARIO

It would prevent me from attending my water aerobics classes.

COLLABORATIVE COMMUNICATION SCENARIO

It seems like those classes hold great value for you.

COLLABORATIVE COMMUNICATION SCENARIO

Yes, the social interaction and exercise have a positive impact on my mood.

COLLABORATIVE COMMUNICATION SCENARIO

I can provide you with information on managing diarrhea. Would you be interested in learning more?
